### **SEGUNDA SEMANA DE CUARESMA SUPERANDO EL HAMBRE**

En Akwangagwel, Uganda, los agricultores dependen en gran medida de la temporada de lluvias para tener buenas cosechas. Sin embargo, debido al cambio climático, ahora la lluvia suele llegar más tarde que antes y a veces llega con tal fuerza que provoca inundaciones y arruina los sembradíos. Conoce cómo Adolf y Florence hacen frente a la situación implementando nuevas técnicas agrícolas que aprendieron de un programa de Catholic Relief Services para mejorar sus cultivos y luchar contra el hambre en su comunidad. **Second Sunday of Lent  
OVERCOMING HUNGER**

In Akwangagwel, Uganda, the climate is very hot and dry. Farmers in this region depend heavily on the rainy season for a successful harvest. But lately—due to the changing climate—the rain has been coming later than it used to and is more inconsistent. Sometimes, when it does rain, it causes flooding and ruins the crops. Learn how Adolf and Florence have taken the matter into their own hands, implementing new farming techniques they learned from a Catholic Relief Services program to improve their farm and fight against hunger in their community.
